# Making at Lesley University

We launched a Makerspace in our Graduate School of Education to provide a new way for our students and community partners to engage in a new way of knowing, a place to play, tinker, design, and create.

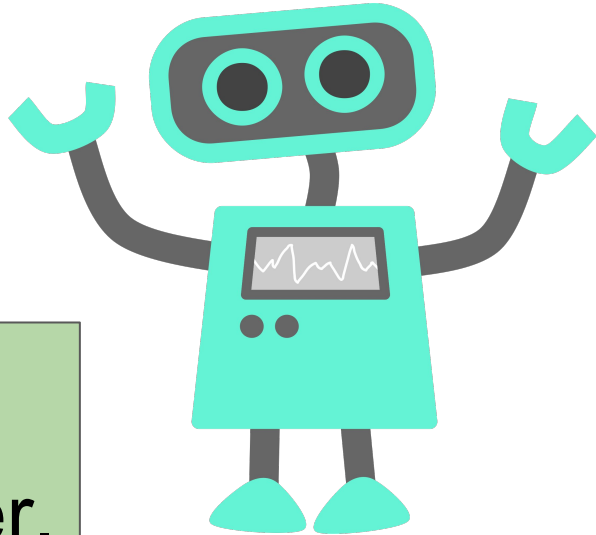

# A Few Maker Rules of Engagement . . .

Have FUN!!

Think Out  
Loud!

Ask 2 friend  
before a teacher.

# BristleBots

# Paper Circuits

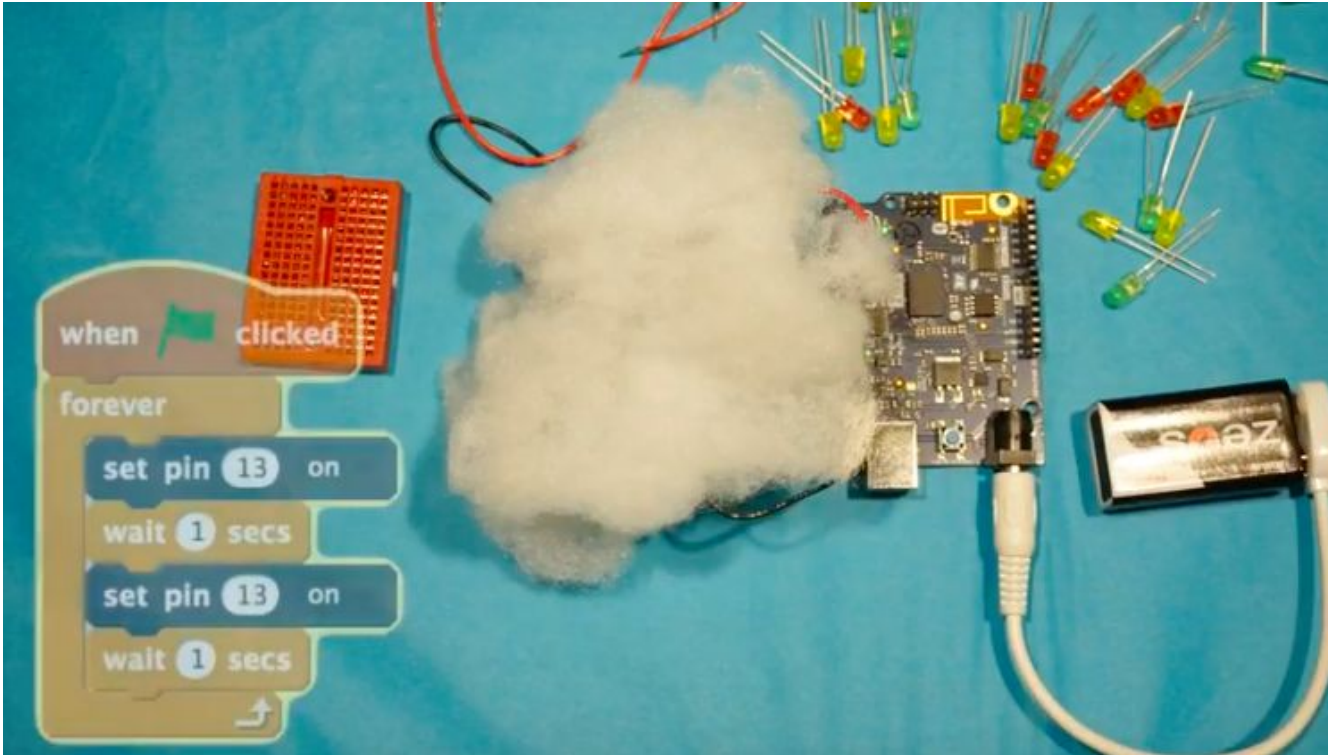

# littleBits Mystery Box

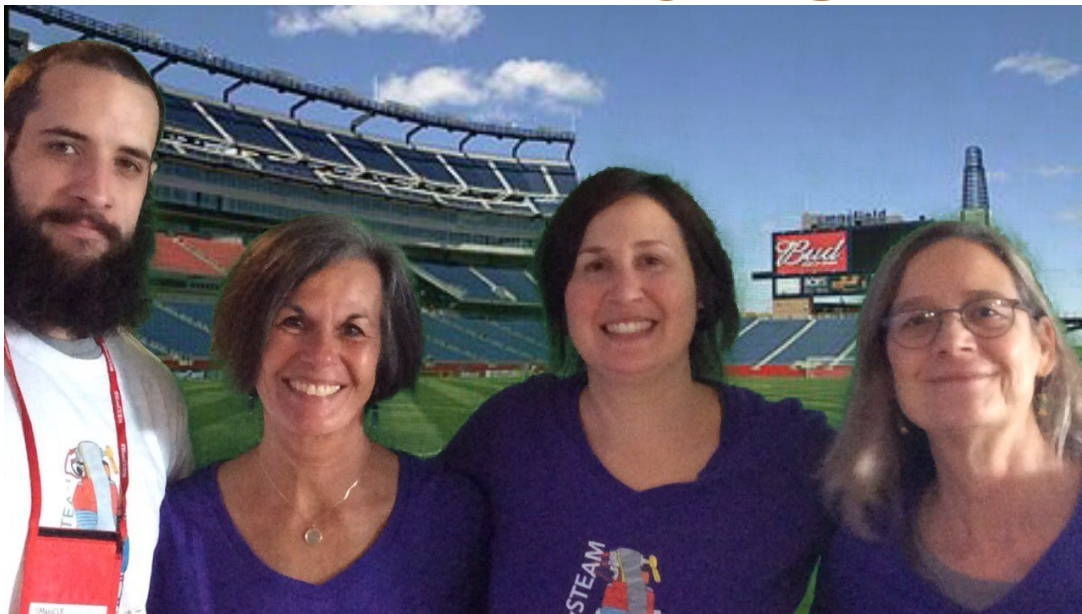

# Arduino LED Clouds

*A makerspace is not a place . . . .*  
*A makerspace is a mindset.*

# Thank You for Playing with Us!
